## **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Planning for curriculum delivery • An academic calendar is prepared at the beginning of the year with details of commencement of classes, examinations, students' seminar, excursion, etc. • The syllabus is distributed among the teachers in departmental meetings and classes allotted as per the routine. • The departmental routines are approved by the Principal, who supervises the regularity of classes. Documentation of curriculum delivery • Teachers note down the topic taught in every class to keep track of the progress of the coverage of syllabus. • Regular departmental meetings are also held to discuss the extent to which the syllabus has been completed. • During pandemic online meetings were arranged. Mechanism for effective curriculum delivery • Apart from conventional chalk and talk method, ICT based teaching learning methods are extensively used. • Educational tours, group discussion and students' seminar are conducted for hands-on learning and interactive learning. • Students are assigned with project works and term papers. • Special lectures by academic experts are arranged occasionally. • Arrangements are made for faculty exchange with other colleges. • Class notes and e-resources are made available on the college website. • • Assignments for library work are given to students for effective self-study and to encourage them to read books so as to instil quest for wider knowledge. • During pandemic, regular online classes were held following the stipulated routine and attendance records are maintained at the admin backend for future reference.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

#### Feedback Obtained

Feedback is taken online throughout the year from students, teachers, parents, alumni. Students can give online feedback on existing curriculum, introduction of new subjects, institutional facilities, library and teaching performance of individual teachers in respective departments. Their opinion regarding new subjects are taken into consideration while deciding on subjects to be introduced. Teachers Teachers provide an online self-appraisal of themselves and also give feedback on the institution. The Principal personally discusses the students' evaluation of teachers and the latter's own appraisal with the respective faculty on a one to one basis so that the teachers can further improve their performance. Other stakeholders Parents, alumni can provide online feedback on the institutional provisions. While planning the areas for infrastructural development, the IQAC takes into account the feedback from teachers, students and other stakeholders, plans a course of action and recommends the administration for developmental activities accordingly.

## **CRITERION II – TEACHING- LEARNING AND EVALUATION**

### 2.1 – Student Enrolment and Profile

### 2.1.1 - Demand Ratio during the year

2	2 2 – Students me	antoring system ava	ailable in the institut	ion? Give details (	maximum 500 word	10)	

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Under the mentoring system, the full-time teachers of the college are engaged as mentors to the students. At the beginning of the year, the mentors are provided with basic facts regarding the students under their mentorship, that have been obtained during admission so as to enable them identify the academic, social and financial backgrounds of the mentees. Thereafter the mentors meet the students formally at specific intervals, to discuss and counsel them regarding their academic progress, attendance, and other issues (if any). The mentors also provide psychological counselling to students, if required. In cases where they think that the mental health problem is beyond their purview, they refer the student to the external psychological counsellor who visits the college once in every week. Apart from formal sessions, mentors often meet the students as and when required - students and the mentoring sessions. The mentors try not only to counsel the students to improve their academic performance, but also to guide them in achieving their goals and help them in coping with different unfavourable situations, if the students confide in the mentor. The one-to-one correspondence enables the mentors to instil human and moral values like social responsibility, ethics, etc.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
8500	23	1:370

MA	PG	SEM	06/12/2020	Nill						
BSC	UG	YEAR	01/10/2020	Nill						
	No file uploaded.									

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college arranged for mid-term test and class tests for students studying under the Annual system (only final year students followed such system during the year). Parent-teacher meetings were held whereby they were apprised of their wards performance and marksheets are handed over. However, mid-term test is not possible to be conducted under the CBCS examination schedule due to extremely tight stipulated class schedule. But the IQAC has introduced online MCQ type class test that can evaluate the academic progress of the students and help the mentor to provide guidance accordingly. The students are also assigned project works, term papers, and are encouraged for group discussions and presentations as a method of evaluation for their tutorial examinations.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic Calendar and Lesson Plans of all courses are prepared and adhered to for teaching and evaluation process according to the University guidelines as and when required.

#### 2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

No Data Entered/Not Applicable !!!

2.6.2 - Pass percentage of students

### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

1. Title of the Practice : Women Empowerment Objectives of the Practice Women constitute more than 60 of the total student strength of the college. The majority of them come from flood ravaged rural areas, where miserable conditions of utter poverty, illiteracy, ill-health and superstition take hold of their lives. Thus they are doubly affected by the backwardness and discrimination. So, the college has resolved to take up the cause of Women Empowerment for the women students with the objectives of - • Mentoring women students on women specific issues with one women teacher as mentor for every 20 women mentees. • Creating an environment through awareness programmes to enable the students to realize their full potential for learning and solving their problems independently • Arranging special sessions with the police and social activists for enabling the female students to be aware of several types of 'evil designs' by professional criminals for the worst type of exploitation taking the advantage of their innocence and gullibility. • Dealing amicably with the student victims of exploitation of all sorts maintaining utmost confidentiality of the private life to protect their dignity. • Involving social activists and Government officials to enlighten the students on human rights and fundamental freedom for equal rights and opportunities. • Organizing debates and discussions on gender equality to enable the students to realize gender sensitization, thus leading to more equality and harmony in family and society. • Conducting seminars and special sessions on ragging, eve-teasing and dowry system to expose the ill-effects of the evils. • Development of vocational and technical skills among the women students by providing special training to enable them to become independent earners of their living. • Extending financial assistance to the deserving poor women of disadvantaged sections to help acquire their degrees. • Organizing the exclusive health camps for women students by women doctors for free treatment of women-related health problems and conducting awareness programmes on the importance of sanitation, personal hygiene and prevention of seasonal diseases. Tackling the social, developmental, health consequences and prevention of HIV/AIDS from a gender perspective. 2. The Context • The women students, in the beginning were not enthusiastic to participate in the deliberations. • Some parents and staff vehemently opined that the awareness / sensitization programmes defeated the very purpose of sending their wards to college. • The coordinator and the members of the unit had to visit certain families and persuade the parents that all the programmes were meant for the betterment and empowerment of their dear daughters. • As the gender sensitization programmes designed revealed several disparities and inequalities, that we might not have noticed earlier, people especially the other gender, argued discussing gender and gender roles would break up families and destroy society. • Similarly, the various legal protective provisions for women were misunderstood as undue favour meant to belittle men. • Even some teachers supporting the argument often opined that the change was difficult to be accepted as the ideas emanated from these seminars/workshops/debates on gender inequalities appeared new and startling. • Some parents even found fault with the college that their children were detained in the college beyond working hours for unconnected and counter productive programmes. • Under these circumstances, the college has thought it appropriate to forge ahead with the objective implementations the objective for

which an exclusive cell is created. 3. The Practice Discrimination against women even in the 21st century is a devastating reality. That is why `gender inequality' has been a matter of serious concern across the globe and within the countries. India still has a long way to go before achieving gender equity

and empowerment of women. Especially, the rural areas are ravaged by the miserable conditions of abject poverty, illiteracy, ill-health and superstition. The college girls account for 52 of the total strength and most of them come from rural areas. The majority of these girls belong to the weaker sections including scheduled caste, scheduled tribes, other backward classes and minorities without proper access to education, health and other productive resources. Therefore, they remain largely as the marginalized poor and socially excluded. Joining a degree college in the town and acquiring higher education involve money and higher things. So the poverty-stricken and tradition-bound parents reluctantly admit their daughters to colleges. Being the most vibrant and dynamic segment, the youth including girls, is our most valuable human resource. We cannot afford to neglect our female force to be the victims of discrimination, exploitation and segregation. So the college resolved to

empower female students to face the vicissitudes of life boldly and successfully for a life of peace, harmony and dignity. To achieve the aim, the college established a Women Empowerment Cell (WEC) with a senior woman teacher as its Coordinator and three other senior women teachers as its members. All female students are eligible to take membership of the Cell irrespective of their status. There are two hundred girl student members in the unit. The Coordinator and the members of the unit meet twice a month and decide the conduct of awareness sessions during leisure hours sensitizing the girls to know why and how they are given subservient role in spite of their cequal or even more abilities than their counterparts. They also draw an annual action plan for organizing various awareness programmes / seminars /workshops and interactive sessions. The Principal along with the Coordinator monitors the implementation of the plan. The Coordinator and the members are responsible for the implementation of the programmes in consultation with NGOs , and Government officials from the Department of Social Welfare, Adult Education, Women and Child Welfare, Judiciary and Medical Departments. The Women Empowerment Cell is working for the protection of women's rights and actively empowers women creating conditions for gaining confidence in their abilities. It aims at curbing the social evils like eve-teasing, ragging and dowry system providing necessary counselling and guidance by professional women counsellors, social and rights activists, enlightened academics and professional psychologists and psychiatrists, so that the women students become aware of unjust gender discrimination, the human rights, the legal provisions available for their protection, importance of higher education for higher enlightenment, mental and physical fitness. The College has organized several productive programmes so far extensively utilizing the services of the widespread network of NGOs which have a strong grass-root level presence with deep insight into women's concerns contributing to the inspiring initiatives for the empowerment of women. The Cell also arranged an exclusive medical camp for girls for the treatment of women-related health problems by Dr. Amitabh Choudhary , a local renowned Gynaecologist. The cell also looks after different girlchild centric scholarship programme initiated by the Government of Bihar. 4. Evidence of Success One Ms. Simran Sushama, BA(English) student of 2017-18 batch, was an active member of the Cell. She was able to complete her degree with the financial help of the Kenya Uthyan Yojna .A successful NSS volunteer, she was inspired by various awareness and gender sensitization programmes of the Women Empowerment Cell. She sensitized the present women students on gender issues to relieve them of their negative feelings of inequality, diffidence and shyness in varied socio- cultural contexts. Ms. Sushama is now pursuing her PG degree from MGCUB , Motihari. 5. Problems Encountered and Resources Required The modest and diffident students were reluctant to cross their academic borders

affecting the successful conduct of awareness programmes. The first awareness camp for female students on HIV/AIDS received a discouraging response as women's talking about AIDS is still a taboo. Ensuring the all-round support and participation of women teachers in the programmes is also a tough task Women students' impulsiveness in the matter of love in the adolescent age is a sensitive issue to be dealt with by women teachers. Organizing various programmes during working hours, sometimes, has led to sacrificing the class work. Sometimes, the participants were put to disappointment as the resource persons did not turn up for the camp. Implementation of the annual plan and its monitoring has become a tough task in view of tight academic schedule in the autonomous ambiance. Total in given link.

#### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

M.J.K College is committed to the pursuit of excellence in higher education , character building, total development of personality and responsible citizenship. Strategies to achieve these goals include Pursuit of Excellence: (a) Optimum transparency in admission of students (b) maintenance of a robust work culture (c) discipline combined with freedom of thought and expression (d) a sense of noble consciousness. Character building: Is woven into the total learning environment. Students are encouraged to be honest and hardworking, courteous in behaviour towards all, faculty members to be caring and, responsive, and emphasis is laid on personal dignity as well as simplicity and austerity in the total life of the college. Total Development of Personality: Class-room teaching is complemented with a wide range of co- curricular activities. Discipline: The College understands 'discipline' as the ability to uphold universal values in day-to-day work and conduct. Activities tlike selfaggrandizement are discouraged. Discipline is balanced with freedom, lest it gets equated with mere conformity, which undermines personality development. The mission of the College is to educate young men and women within a framework of liberal and republican values, to equip them to excel in the service of the nation and to attain optimum personal fulfilment by leading a values-based life. Communication: The vision and goals stated above are communicated to the student body in two broad ways. (a) by transferring the vision to the teaching fraternity through frequent interaction that are informal in nature (b) A more formal strategy is used in respect of the students. The college has a large number of scholarships to promote the pursuit of excellence. Innumerable scholarly activities -including seminars, conferences and workshops-are organized to reinforce this. In all of these, students and teachers work closely together. Tutorials and lectures are conducted with utmost regularity. Teacher truancy is virtually absent in our college. This total ambience distinguished by an earnest and dedicated aptitude to work as well as to the welfare of students is the most powerful communication there can be.
